For all those cliff hangers in the ending of part 1, it's just a rain. Casual Kazuki's joke.. Well I bought the first one, so I may as well complete the set.. More CG, but shorter than part 1. It's more serious and less easy-going than part 1, too. Still overpriced.. its really worth if u grisaia fans and also michiru fans to buy this game this game got light story with lot of joke and also got baka&cute magical girl michiru as main char this game also got good artwork. Enjoyable. Not quite as good as the trilogy it comes from but definitely a enjoyable VN.. A lot shorter than Part 1 but ties up most of the loose ends of the story. Dialogue is funny and entertaining as usual. Everything else is great too.
